

LFLB-2250 Horizontal Round Bottle Labeling Machine

This machine is especially good for small round bottles working with high-speed labeling and high precision of labeling. Man-machine operation interface, any troubles will be displayed and inducted to remove. Simple operation, anyone can easily operate this machine. Intelligent label control and error warning functions. It is complied with GMP standard that provides easy maintenance and for a long durable life.

DESCRIPTION:

1. Specially used for small round bottles with high-speed labeling high precision of labeling.
2. Man machine operation interface, any troubles will be displayed and inducted to remove. Simple operation, anyone can easily operate this machine.
3. Intelligent label control and error warning functions.
4. It is complied with GMP standard that provides easy maintenance and for a long durable life.
5. Coder and ink-jet printer are optional to realize information printing while labeling.

Technical Parameters

Model	LFLB-2250
Max. speed	500 bpm
Container size	φ10mm-φ30mm H:10-130mm
Label dispensing accuracy	±0.5 mm
Power supply	AC 220V 50-60 Hz,
Power absorption	2.0 kW
Dimension(L x W x H) mm	3000 x 1200 x 1650
Conveyor height	920±60 mm
Weight	500 kg
