

ZH-120 Automatic Cartoning Machine

This product is the new model which is our company further improved on the basis of advanced technologies at home and abroad. The machine is the high-tech products which integrates electricity, gas, light.

The product is suitable for boxing the Aluminum-Plastic blister card, medicine bottle, cosmetic, poker, electronic and daily.

The machine can finish automatically all jobs such as manual folding, paper box opening, the stuff boxing, batch number printing, box sealing and so on. It can be used alone, or be linked with the other device.

Feature

- Adopt PLC automatic control system, frequency conversion. The electrical components adopt international famous brands.
- Photoelectric system monitors all parts moving. If there is malfunction during the running, the wrong place will be shown and the machine can stop automatically.
- Reject automatically the box which is lack of stuff or specification.
- If the stuff or specification lack, the paper box will stop feeding.
- Performance is stable. The operation is easy and convenience.
- The machine can feed and box continually, the machine can instead of 15-20 the workload of workers.

Technical Parameter

Model	ZH-120
Production capacity	50-100 b/min
Packing material	the max. size 200×120×70mmthe min. size 50×25×12mm
Box quality	250-300 g/m2According to its dimensions to confirm
Operation manual	max .size 260×180mm
	min. size 110×100mm
Paper weight	55-65g
Volume of consumption	20 M3/h(pressure 0.5-0.7MPa)
Total power	1.5KW
Packing material	The max. size 200×120×70mm
Electric power	380V 50HZ
Overall dimension	3700×1350×1700mm
Weight	1800
