KL-CD Automatic Vertical Packing Machine

Automatic bayonet weighing hopper, storage hopper, main vibration and wire vibration without screw fixation. Simple disassembly and convenient cleaning.

Machine characteristics:

1. Requirement for high precision measurement and fragile packaging bulk goods, such as: puffed food, crispy rice, fruit chips, sweets, pistachio, apple slices, dumpling, chocolate, balloon, rubber, Screw the Nut hardware item, medicines etc.
2. Highly sensitive weighing sensor, with the highest measurement accuracy up to + / - 0.5g.
3. Anti-acid-base 304 stainless steel plate, meeting the standards of food SC certification and drug GMC.
4. The standard procedure is to make sheet metal parts by hand. The mounting error is as small as 1mm
5. Automatic bayonet weighing hopper, storage hopper, main vibration and wire vibration without screw fixation. Simple disassembly and convenient cleaning
6. 10 sets of customized storage data, which can store 10 sets of commonly used parameters. When it is necessary to switch parameters, it is convenient and fast to switch with one key
7. There are 50 kinds of basic parameters of products with different attributes and shapes in the database. Only the same or should be selected when weighing
Similar material pictures, and then set the weight to complete the measurement part. Easy to understand.
8. You can customize the concavo-convex pattern plate, rotary weight, no material storage, non-stick material. One said multi-purpose, can achieve the same type of product diversified packaging.

Product Description:

Machine model	KL-320CD	KL-420CD	KL-520CD	KL-620CD
Bag shape	automatic vertical packing machine			
Packing speed	25-80bags/min			
Roll thickness	0.05-0.15mm			
Max roll width	320mm	420mm	520mm	620mm
Roll diameter	320mm	320mm	320mm	320mm
Bag width	50-150mm	60-200mm	80-250mm	100-300mm
Bag length	80-240mm	80-300mm	80-350mm	100-450mm
Packing weight	Max:0.5kg	Max:1kg	Max:3kg	Max:4kg
Voltage	220V			
Power	2KW	2.2KW	3KW	3.4KW
Additional configuration	Nitrogen fiiling device Coding printer gas-filled device punch device etc			

Machine model	KL-720CD	KL-820CD	KL-1050CD
Bag shape	automatic vertical packing machine		
Packing speed	25-80bags/min		
Roll thickness	0.05-0.15mm		
Max roll width	720mm	820mm	1050mm
Roll diameter	320mm	320mm	320mm
Bag width	100-350mm	120-400mm	Max:520mm
Bag length	100-450mm	120-550mm	Max:750mm
Packing weight	Max:8kg	Max:10kg	Max:15kg
Voltage	220V		
Power	3.6KW	3.8KW	6KW
Additional configuration	Nitrogen fiiling device Coding printer gas-filled device punch device etc
