

## Bravo260 Cartoning Machine

BRAVO is a balcony design cartoning machine focusing on cartoning speed of 80 to 260 cartons per minute. Optional upto nine servo drives is to handle programmable functions, so that it reduces change over time and effort.

- Conforms to GMP design, which can meet the pharmaceutical production requirements.
- Unique carton supply conveyor and carton unfold mechanism improve the operation effectiveness.
- Servo controlled carton opening device can open carton at high speed.
- The Servo main drive and timing belt construction reduce operating vibration and noise.
- All drives comes torque control.
- Toolless change over can completed in 30 minutes.
- Multi-level password control facilitate requirements of maintenance and troubleshooting.

### Technical Parameters

Model	Bravo 260
Name :	High Speed Cartoning System
Capacity :	80~260 ppm
Weight :	2500kg
Electricity:	380V 50/60HZ 3kW
Dimension(for reference) :	(L)5200 x (W)1600 x (H)1760mm
Please select the PDF file link for specification detail after sign in.
