

## ***UN-320SLS/520SLS Automatic Vertical Form Fill Seal Powder Packing Machine***

Suitable for packaging powdery and granular materials, such as milk powder, solid beverages, sugar, glucose, coffee, feed, solid medicine, powder and granular additives, dyes, etc.

### **Main Performance and Structural Features**

- Equipped with safety protection, meeting enterprise safety management requirements.
- Adopting intelligent temperature controller, with accurate temperature control to ensure beautiful and flat sealing.
- The driving control core is composed of PLC servo system, pneumatic control system, and super large display touch screen, which maximizes the control accuracy, reliability, and intelligence of the whole machine.
- The touch screen can store packaging process parameters of various products. When changing products, it can be used at any time without the need for reconfiguration.
- Equipped with a fault display system, which can help to promptly troubleshoot and resolve any issues.
- Automatic Vertical Form Fill Seal Powder Packing Machine Can be made into pillow bags, punching bags, etc. according to customer needs.

**Main Specification**

Model	UN-320SLS	UN-520SLS
Measure method	Screw quantitative	Screw quantitative
Making bag size	(L)60-200mm (W)50-150mm	(L)60-320mm (W)80-250mm
Filling weight	10-5000g Need change molds	
Packaging precision	S1%	
Packaging speed	25-80 bags/min	
Power Supply	Three phase 380/220V 50/60Hz/3-5Kw	
Compressed air consumption	6-8kg/m <sup>2</sup>	
Air consumption	0.3m'/min	
Weight	400kg	450Kg
Dimension	L1665*W1161*H2291mm	L1688*W1200*H2586mm
