

DXD-50KBZ Automatic multifunctional back sealing granule packing machine

Applicable Scope:

1. Be suitable for all kinds of industries like food; medicine; cosmetic; industrial products;
3. The products packed is sugar, edible salt, pepper; washing powder, beans, instant drinks, coffee with sugar, instant coffee (3 in1); drying agents and medicinal granular etc. granular products.

Full Features:

- 1) Be able to weight, bag-making, filling, sealing, cutting, lot number automatically.
- 2) To has color control system which can get the complete trade mark design (Photo electricity control system).
- 3) The machine fix stepper motor controller, its advantage is precise, needless to adjust other parts
- 4) Intelligent temperature control by temperature controller to make heat balance better. use bilingual display screen control system and stainless steel cabinet.
- 5) Fine packaging performance, low noise, clear sealing texture and strong sealing performance
- 6) With safe plastic box on rotating blade to avoid hurting operator's hands
- 7) With printer (to be able to code the date and batch number, it is optional, if you need, it needs paying) and rotating blade (be able to adjust the length of bag and shape of bag notch freely)

- 8) It has Alarm System (You can set how many number on PLC control panel, for example 10000 pcs, when it up to this quantity, it will sound to remind you it finished packing of 10000 pcs, it will begin to alarm when at 9995 pcs)
- 9) With rotary blade, it is very easy to adjust bag's size, and also it can do many kinds of cut (notch) by changing the blade, like flat notch, zigzag notch, linked zigzag linked flat notch.
- 10) With imported PLC control system, good stability, good use and easy to operate and durable in using time.
- 11) Material is stainless steel 304, meet standard grade for food products and durable in using time.

Technical Parameter:

Model	DXD-50KBZ
Machine speed	30-75 Bags/min
bag size	(Width) 20-100 mm (Length)30-160 mm
Measuring range	1-50 grams
Film Material	Laminated or composite film, like PE/PET/AL; BOPP/ CPP; PE/PET/nylon; BOPP/ CPP; paper-plastic, non-woven fabric.etc.....
Net weight	180KG
Gross.Weight	225KG
Bag Type	Back Sealing (Top, Bottom and centre in back side)
Notch	Flat or straight notch ; Linked Flat or straight ; linked zigzag ; cut off zigzag by changing blades
Voltage	AC220V Single-phase 50HZ or 380V/50HZ three phase
Total Power	1.2 KW
Control system	Imported PLC control system
Measuring code	Volume cup
Machine material	Stainless Steel 304(SS304)
Machine Dimension	700*600*1700mm
