

Automatic Linear Hot Melt Glue Labeler Model SBM-HMGL400

Automatic hot melt glue labeling machine, which is widely supplied for different material of container and label. The label cost is comparatively lower; it can meet the requirements of those users who have variety of the containers. It is the most economical models in cost to make mass production. The equipment has massively used modularization design concept to make it easy and simple for users to change the bottles.

Hot melt glue labeling machine is our company's new product to meet the abroad market. Apply to round bottle of food, medicine, chemical, and other industry.

Features

- Dispensing labels are controlled by servo motor.
- Label is cut accurately.
- Easy to exchange the labeling cutter.
- Need less time and quick to changeover.
- Check the label quickly and don't waste the label.
- 1 kg hot melt glue can work for 60000-100000 bottles and reducing the cost.
- The label material is OPP, and save cost 1/3.

Technical Info

Model	SBM-HMGL400
Labeling Speed	up to 24000 bottles per hour
Labeling Accuracy	±0.5mm
Bottle Type	plastic bottle, glass bottle, metal can
Bottle Size	Out diameterφ30mm~φ86mm,height70mm~360mm (can be customized)
Label Material	OPP/ Pearl film/Composite paper
Label Size	Height15~150mm (Can be customized)
Power supply	AC 380V/50Hz 3Ph,or Optional
Power	Approx. 11kw
Air Consumption	0.6 Mpa
Dimension (L×W×H)	Approx. 4000×1570×2040mm
Machine Weight	Approx.2500kg
