

DXD-100P Automatic Pill Sachet Packing Machine

The automatic pill packaging machine is suitable for packaging all kinds of pills like tablet, capsules, softgel, peanuts, etc.

FEATURE

1. All stainless steel cover meets to GMP standard.
2. Automatic adjustment of pouch size and filling range.
3. Photocell controller is easy to manipulate.
4. The horizontal sealing uses high temperature resistant bearing which will ensure the continuous operation of the machine without filling the oil regularly.
5. The operation facility is controlled by micro computer; all function is displayed in digital screen.
6. Minimum sealing temperature variation employs PID temperature; the tolerance is controlled by $\pm 2\%$.
7. Sealing part: roller spends process is special designed and the effect of sealing is very well.

TECHNICAL PARAMETER

Model	DXD-100P
Bag size	L55-120 W30-80mm
Capacity	20-60 bags/min
Max. Filling range	200 pills
Power	220V 50HZ 1.5KW
Weight	350 KGS
Machine Dimension	600*790*1780 mm
