

## High Packing Speed Oil Pouch Packing Machine XY-70BY

This machine is suitable for automatic packaging of liquid of foods, medicine and chemicals, such as pesticide, shampoo, body foam bath lotion, facial cream, ingredient oil, fruit sauce, tomato ketchup and honey etc.

### Features:

1. Fully automatic and continuous, and easy to connect with other processing machinery;
2. Combined many functions into one: Conveying materials - Weighing materials - Making bags - Filling materials - Filling air or nitrogen (needs additional Air compressor or Nitrogen Generator) - Sealing bag - Printing date & code - Hitting holes - Conveying final bags;
3. PLC and touch screen control;
4. High precision with weight error of  $\pm 0.1-0.5\%$ ;
5. High efficiency without crashing the materials;
6. Many kinds of compound film can be used, like BOPP/CPP, OPP/VMCPP. BOPP/PE, PET/VMPET/PE, PET/AL/PE, NY/PE, PET/PET, etc
7. Impact structure, beautiful appearance, fine workmanship.
8. The part which contact to material directly is made of sus 304 stainless steel to guarantee the sanitation
9. Additional functions for option: date printer, punching device, chain bag making device or the like
10. Additional bag former can be made if you have various bag sizes (the bag sizes are within the range of this machine)

**Technical data:**

<b>Model</b>	<b>XY-70BY</b>
Machine Speed	30-60 Bags/min
Bag size	(Width) 30mm-140mm (Length)30-180mm
Film Max.	300mm
Bag type	4 sides sealing or 3 sides sealing by changing sealing mould
Notch	Flat Cut / linked zigzag / zigzag cut / linked flat by changing blade
Voltage	AC220V Single-phase 50Hz
Total Power	1.9KW
Measuring range	3-150 ml
Gross. Weight	400KG
Control System	Imported Original Delta PLC Control System
Packing Material	Composite or Laminated film that can be heat-sealed, like:
	BOPP+CPP; PET+AL+PE; PET/Nylon/ PE. etc .....
Machine Material	Stainless Steel 304
Packing Machine Dimension	Length:900 * Width:700 * Height:1700mm
