

U-II LABELER

Engineered for simplicity.
Built to operate 24/7.

The EPI U-II labeler combines simplicity, durability and flexibility all into one labeler that has the capability of meeting a wide variety of labeling applications. Available with either vac/blow or tamp applicators and 12" or 16" low tension unwinds, the U-II Labeler can be reconfigured in the field and offers a wide range of options to suit your ever changing needs. Our patented label stop compensator keeps label placement accurate to within 1/32" at speeds up to 225 labels per minute. A robust design will bring you years of service with a minimum of downtime.

FEATURES AND BENEFITS

- Dependable, reliable, and versatile
- Ease of set up
- Easy to thread and operate
- Flexible integration with minimal impact to your line
- Multiple configurations
- Variety of unwind sizes, standard 12"
- Intuitive controls, 10 min training
- Constructed entirely of non-corrosive materials
- Direct drive technology allows our labelers to operate under the harshest conditions
- Various options to suit your needs

TYPICAL PRODUCT SPECS

Label Size: 1"x1" to 6"x6". Smaller/larger size optional

Label Supply: 12" OD on a 3" Core. Larger size optional

Electrical: 2A @ 120VAC, 60HZ.

Speed: 120/min (based on 3"x3" label)

Pneumatic: 2 SCFM, 80 PSI

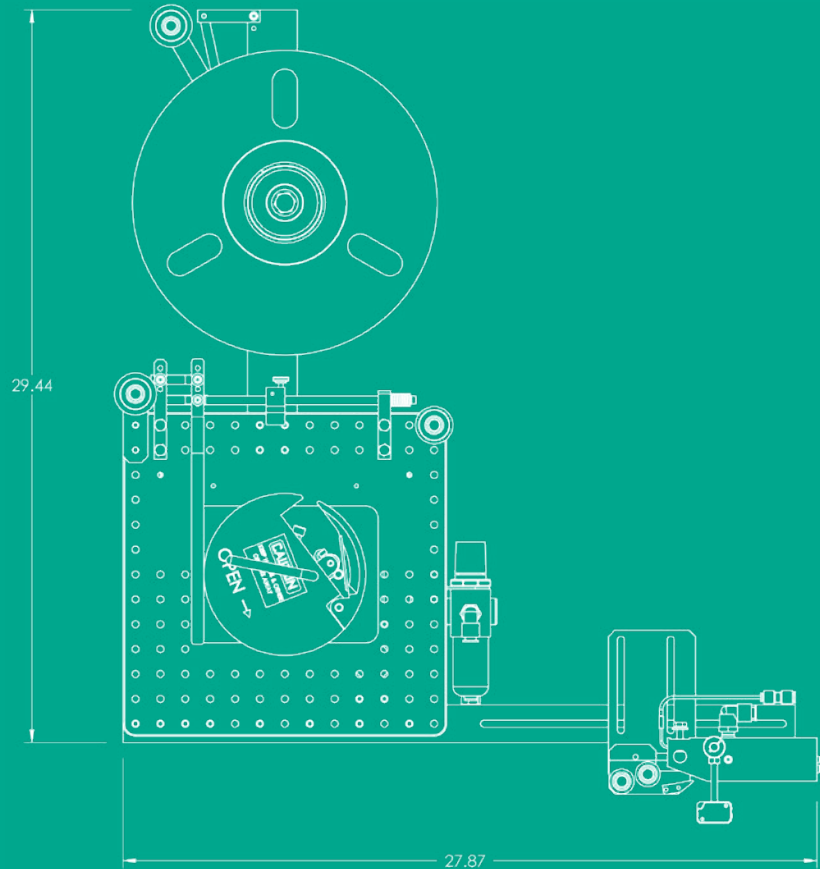

Configurations: Vac/Blow, Tamp, Corner Wrap

(leading and trailing), 2-Panel, Tamp/Blow

Optional Printing: A variety of printing solutions are available including inkjet, rotary or reciprocating printers

OPTIONS

- Supplied with a portable stand, or may be mounted to an existing conveyor

Measurements in inches.

WHY EPI?

For over 35 years EPI Labelers have been designed and engineered for reliability and ease of use. We take the time to understand each application and listen to our customers needs. Let us show you how precise thinking and simple design can help you.

RELIABLE

EPI Labelers are built to stand up to the daily use and harsh environments that come with the territory. Enclosed direct drive technology along with corrosion resistant material allows our labelers to work in dusty, wet and cold packaging operations with a minimum amount of maintenance required. Your operators and mechanics will appreciate EPI Labelers ease of set up and use.

VERSATILE

Sure, EPI Labelers are easy to set up and operate, but the versatility that is engineered into all our equipment allows you to use our labelers in a variety of applications. Whether your job calls for a non-contact vacuum/blow, tamp or two panel application we can configure our labelers to meet your needs.

QUICK AND EASY SETUP

Our customers tell us that EPI Labelers give them the ease of use that they have not experienced with other labeler equipment. The cantilevered design lends itself to easy threading and the simple mechanical adjustments needed to change label size make EPI Labelers a favorite of mechanics and operators everywhere.
