

## *CW series Stirring Type Mixer*

Our company develops CW series stirring mixer under absorption of foreign new technology, based on SW series double cone mixer, this machine adds stirring unit, which can be used for material mixing in such industries as pharmacy, foodstuff, chemical industry and feed stuff etc.

This machine can rapidly mix such materials as easy clot and with certain water content, having high mixing speed and good mixing effect. The mixing uniformity rate can reach over 95%, Inner of this machine is of new type sealing structure, during mixing, it is free of pollution, with simple structure and convenient operation and maintenance.

### **Feature:**

- High mixing efficiency.
- Free of dead corner.
- Even mixing.
- Safty bar can be added.
- Forced agitator can be added.

## Technical Parameters:

Model	Barrel volume	Max loading volume	Max loading weigh	Stirring motor	Mixing rotary speed	Stirring rotary speed	Overall dimension
CW-50	50L	25L	25kg	0.75kw	20r/min	60r/min	1500*450*1200mm
CW-100	100L	50L	50kg	1.1kw	20r/min	60r/min	1550*550*1350mm
CW-200	200L	100L	100kg	1.1kw	20r/min	60r/min	1800*700*1500mm
CW-300	300L	150L	150kg	1.1kw	20r/min	60r/min	2100*760*1760mm
CW-500	500L	250L	250kg	2.2kw	20r/min	60r/min	2320*950*1920mm
CW-1000	1000L	500L	500kg	2.2kw	10r/min	40r/min	2450*1050*2500mm
CW-1500	1500L	750L	750kg	4kw	10r/min	40r/min	2900*1300*2700mm
CW-2000	2000L	1000L	1000kg	4kw	8r/min	30r/min	3000*1400*3100mm
CW-2500	2500L	1250L	1250kg	5.5kw	6r/min	20r/min	3600*1400*3200mm
CW-3000	3000L	1500L	1500kg	5.5kw	6r/min	20r/min	4000*1500*3500mm
CW-4000	4000L	2000L	2000kg	5.5kw	6r/min	20r/min	4800*1300*3800mm
CW-5000	5000L	2500L	2500kg	7.5kw	5r/min	20r/min	5400*1300*4000mm
CW-6000	6000L	3000L	3000kg	7.5kw	5r/min	20r/min	5650*1300*4380mm
