

Carton Box Forming Machine

The machine is suitable for paper carton erecting automatically. It has function of cover-folding, sealing bottom with tape. It is economical and it is with high high-efficiency. It is ideal automatic carton forming and bottom sealing equipment.

Technical Parameters:

Carton Width	150-400mm
Carton Height	100-350mm
Carton Length	200-500mm
Table Height	600-720mm
Overall Dimension	L2000XW9000XH1450mm
Sealing Speed	10-15box/min
Electric	220V/380V 50/60Hz
Air Pressure	5.5-6kg/cm ²
Suitable Tape	W(48,60,72)mmXL1000y
Weight	400KGS
