

## DP12/25 Single Punch Tablet Press

DP-12 model single tablet press machine is to absorb advanced technology successfully developed. It is pharmaceutical, laboratory and other industries first choice and able to press the powder and granular material into tablets continuously and automatically.

### The advantages are:

Materials high utilization, reasonable structure, convenient operation, small size, the depth of filling material and the thickness of the tablet can be continuously adjusted. All the function index of advanced machine level and full compliance with national GMP standard. Machine used in the design process a number of innovative designs, thus ensuring the production process more secure and standardized.

### Technical Parameters:

Model	DP-12	DP-25
Production Capacity	3600pc/h	3600pc/h
Max. Pressure	50kn	50kn
Max. Tablet Diameter	12mm	25mm
Filling Depth	20mm	20mm
Max. Tablet Thickness	8mm	8mm
Power	220V 50Hz 1.1kw	220V 50Hz 1.5kw
Dimension	450*550*750mm	550*600*900mm
Weight	100kg	200kg
