

Double Heads Powder Weighing Filling Machine AT-FCZ-series

Its suitable for high-precision filling of various powdery materials. Such as: milk powder, protein powder, cocoa powder, medicine powder, chicken powder, chicken essence, additives etc.

Features

1. The whole machine is made of stainless steel, especially suitable for GMP certification and food hygiene certification.
2. Multi language LCD touch screen, simple operation, adjustable packaging weight at any time, working status can also be changed at any time, convenient operation.
3. Servo motor driven for filling, which has the advantages of high precision, fast speed, large torque, speed adjustable and good stability.
4. The stirring is made maintenance-free geared motor: low noise, long life, and lifetime maintenance-free.
5. Online weighing and filling technology to ensure high-precision and high-speed filling.
6. Fully sealed air-resistant glass stainless steel, the movement of the material is clear at a glance, and the dust proof. The filling outlet is equipped with a dust suction device to protect the workshop environment.
7. Side-by-side hopper, easy to clean and no dead corners, easy to replace screw attachments.

Technical Data

Model	AT-FCZ-DT	AT-FCZ-ST	AT-FCZ-ZXDT	AT-FCZ-ZXST
Filling range	50-2000g	50-2000g	50-2000g	50-2000g
Measurement error	≤±1g	≤±1g	≤±1g	≤±1g
Filling speed	0-20times/min	0-35times/min	0-12times/min	0-20times/min
Liftable head	with	Double liftable head	with	Double liftable head
Pedestal structure	With	with	with	with
Frame structure	with	no	with	with
Air consumption			50L/min	100L/min
Equipment weight	650KG	850KG	450KG	650KG
Dimensions (cm)	(L)200×(W)150× (H)222	(L)330×(W)150× (H)236	(L)200×(W)110× (H)222	(L)300×(W)150× (H)236
