

Automatic Stick Pack Powder Filling Machine (3 in 1) RFM 103 S

This is a fully automatic stick pack sachet packing machine for filling and sealing. It is applicable for packing powder and granular materials such as sugar, salt, milk powder, coffee powder, chocolate powder, grain powder, green tea powder, medicinal powder, nutrition powder, etc. in the industries of pharmacy, food, and agricultural chemicals.

Machine Features:

- The machine's internal mechanism and working parts are made of aluminum and stainless steel.
- Optimal combination of mechanical and pneumatic system in the main mechanism of the machine enables perfect result with low energy and air consumption.
- Control system by PLC high accuracy and adjusting range.
- Compatible with various filling system.
- Simple and user friendly machine.
- Low maintenance and low operating cost.
- Products to be packed : coffee, powdered items
- Bags type: stick bag
- Filling unit: Auger filler with 4
- Machine Speed (2 Line) : powdered items: 80-85 bags/minute,

Optional Equipment:

- Screw Elevator for automatic continuous feeding.
- Product counter and stacking belt conveyor
- Special pattern notch unit
- Line notch unit
- Extra Auger Filler group
- Date, serial number coding group - hot print
- Date, serial number coding group - cold print

Technical Parameters:		Min	Max
	length	40 mm	250 mm
Sachet Dimension	width	40 mm	250 mm
Weight of Bag		2 gr	25 gr
Production Capacity (sachet/min)		80-sachets/min	160 sachets/min
Weight		400 kg	
Electrical Data		2 KW/h 3x380 Volt, three-phased	
Packing Material		Aluminum Foil, OPP+OPP, OPP+PE, Metallised+AL+PE	
Air requirement		5 atu, 100Lt/min	
Dimensions		L145 x W110 xH 230 cm	
Colour	Metallic gray coloured and the surfaces of the machine that are in contact with the product are made of stainless.
