

## LP-200D High Speed Bottle Unscrambler Machine

LP-200D full-automatic bottle unscrambler machine consists of elevator, bottle sorting turntable, bottle rejecting parts, bottle sorting parts, reversed bottle rejecting parts and electric box. The adjustment is simpler and the specification adjustment can be completed within 10 minutes.

### Parameters:

Speed of Unscrambling	100mL:≤10000 Bottles/Hour 500mL:≤6000 Bottles/Hour
Applicable Bottle Size	Φ45-95mm
Applicable Bottle Height	80-240mm
Air Pressure	0.5-0.7MPa
Power Source	~200V 50Hz / 2KW
Size (Bottle elevator included)	3600×1813×1800 mm(L×W×H)
Size (Bottle elevator excluded)	2850×1513×1300 mm(L×W×H)
Weight	Around 800Kg
