

HSZP-43 High Capacity Rotary Tablet Press Machine

HSZP-43 rotary tablet press machine is widely applied in the pharmaceutical industry, food industry, chemical industry, electronics and other industries etc.

Features

1. With high working pressure, pre-pressing function, the duration of compression time is prolonged, and improved the quality of tablet manufacturing.
2. High rotation speed, double sides compression, increased the working capacity.
3. PLC control and touch screen.
4. Fully closed working chamber.
5. Parts are made of stainless steel or through special surface treatment, which will prevent cross pollution. GMP standard.

Technical Parameters

items	HSZP-43
Number of stations	57
Type of tooling	IPT
Max. Pressure(KN)	80
Max. Pre-pressure(KN)	60
Max, filling depth(mm)	18
Max. Tablet diameter(mm)	18
Capacity(pcs/h)	232200
Max. Turret speed	45
Main motor power(KW)	7.5
Height of machine with hopper(mm)	1900
Height without hopper(mm)	1750
Dimensions(mm)	1170*1290
Weight(kg)	3500
