

ZHTB60 Tube Labeling Machine

ZHTB60 tube labeling machine adopts Germany advanced technology and high-powered components such as small inertia servo motor to achieve perfect tube labeling.

Features

1. ZHTB60 tube labeling machine features high response and high reliability by adopting program controller of German Siemens Co. and Mitsubishi servo system.
2. Tube labeling system carries out communication between machine and man by touch screen.

Payment, Packaging and Delivery

1. T/T or L/C is accepted terms of payment.
2. Tube labeling machines are packed in standard carton boxes.
3. Type of shipping is by sea, by air or land transportation.

Parameters of Tube Labeler

Labeling Speed	40-60 tubes/min
Labeling Accuracy	±0.5 mm
Label Diameter (Max.)	350 mm
Label Width (Max.)	200 mm
Tube Diameter (Max.)	65 mm
Tube Diameter (Min.)	19 mm
Tube Length (Max.)	220 mm
Label Reel Core Diameter	76.2 mm
Power	220V/50Hz/3000W
Weight	300 kg
