

Automatic Shrinkable Label Inserting Machine XYL-1200

Description:

- Meeting high speed filling machine requirement 72000 BPH.
- Twin inserting application in single machine structure, can prevent machine brake down and save production line space.
- Machine constructed by stainless steel. Followed by safety regulation. Simplex machine structure ensures convenient installation.
- Modular dazing for quick changeover.
- Interface touch controller for user-friendly operation.
- To change new product to another, it takes only minor adjustment.
- Using multi-Axis Controller and synchronous design to reach the high speed accurately.
- Provide the suitable label feeding system to match different production line requirement.
- Machine design can fit the label height up to 300 mm and above.

Specification:

Model	XYL-1200
Power source	3P / 220V ~ 415V
Production rate	1200BPM(label length 180mm)
Range of bottle diameter	Ø25 ~ Ø130
Label insertion length	25 mm ~ 220 mm
Range of label thickness	0.035 ~ 0.08 mm
Material	PVC, PET, OPS
Total Power	30 KW
Machine dimensions (L×W×H)	2600 × 1430 × 2250 mm
