

## *Cap/Lid Top Surface Adhesive Sticker Labeler PSV-S303*

PACLSOUL PSV-S303 top surface sticker labeling machine is used in top surface labeling of various packaging object, like lid, cap, box, cartons and many more, which is used in wide range of industries such as pharmaceuticals, cosmetics, chemical, food, beverage, pesticides, gifts, agriculture, electronics etc.

### **Features**

- Intelligent control system: High-level configuration of advanced PLC control system, servo motor send label system, automatic check label length make sure the operation is stable and high speed.
- Clamping device: Motor device make sure fix the label position and improve labeling precision.
- Smooth label device: Machine can customized depends on different kinds label objects.
- Printer device (Optional): The thermal transfer printer and ink-jet printer all optional, printing and labeling function can complete together.

## Technical Parameter

<b>Model</b>	<b>PSV-S303</b>
<b>Labeling Speed</b>	60-200pcs/min
<b>Labeling Accuracy</b>	±1mm
<b>Container Size</b>	Height 60-350mm, Length 60-380mm, Thickness 0.3-2mm (Can be customized if exceed)
<b>Label Size</b>	Length :10-300mm, Height:10-70mm (Can be customized if exceed)
<b>Label Roll Diameter</b>	Inner φ76mm ; Outer φ350mm
<b>Machine Size</b>	1800L*800W*1500H (mm)
<b>Power</b>	0.6KW
<b>Voltage</b>	220V /50Hz
<b>Air Pressure</b>	0.6Mpa
