

FLPC-390 Sauce Salad Cup Form Fill Seal Machine

Liquid & paste cup & tray packer for:

Food: olive oil, sauce, salad dressing, yogurt, juice

Typical Packaging Application:

- high production of cup or tray
- connect with labeling machine
- connect with ink jet printer

Features:

- Aluminum & SS304 Structure, anti-corrosion
- Adopt combined mould, easy to exchange
- Photocell track color mark for elegant seal
- Cutting with waste collector system
- SS304 holding chain for both soft& hard film
- Optional device: ribbon printer
- Japan SMC Pneumatic Device, Reliable Use
- Schneider Electric Parts, Long time use
- Germany PUSH vacuum pump, High accuracy
- Omron servo motor driven, position accuracy
- PLC Control, Touch screen easy operation
- With auto filler for automatic production

Technical Dates:

Model	FLPC-390	Voltage	380V/ 50HZ 3Phase
<i>Packing speed</i>	6times/min	<i>Power</i>	13KW
<i>Up Film Material</i>	Sealing Film	<i>Molding heat</i>	3kw
<i>up film width</i>	380mm	<i>Sealing heat</i>	3kw
<i>Down Film Material</i>	Soft & Hard Film	<i>vacuum</i>	3.3kw
<i>Down film width</i>	390mm	<i>cooling water</i>	4 L/min
<i>Effect Width</i>	345mm	<i>Net weight</i>	1500KG
<i>Forming Height</i>	Max 40mm	<i>Gross weight</i>	2000KG
<i>Vacuum Output</i>	180m3/hour	<i>Machine size</i>	4560*1020* 1950 mm
<i>Gas consumption</i>	1m3/min, 0.6Mpa	<i>Package size</i>	4750*1250*2050mm
