

Self-Adhesive Sticker Labeling Machine For Round Bottle JND-630

This machine is designed to type post on all kinds of round bottle, such as PET bottle, galipot, oil bottle, wine bottle and soy pot, etc. The whole machine is made of s304 stainless steel and high quality anodic treated aluminum alloy, totally meeting the GMP standard. All electric eyes are advanced and imported from Japan. Motor is advanced and imported. Control system use PLC, touching panel and man-machine interface, provide 100 memory zones. The machine includes structures to separate bottles, smooth labels and count, etc. Label position, height and angel can all be adjusted. Both production line connected and single machine are available.

Advantage

1. Main body is made by ss304&processing by anode of aluminum metal.
2. Head of label is import from Japan of stepping motor driving.
3. The high -grade photo sensor made in japan or Germany.
4. PLC control system match human machine interface include sixty-suite memory unit.
5. You can turn the labeling incline 20°(max) suit a pyramidal condition.
6. Additional function of bottle correction, bottle split, counter and label ironing.
7. Label position, height and angle can be adjustable.
8. Able to connect conveyor on product line.
9. Patented correctional device suitable for all sorts of containers no need to change models or crossbar mechanically reeling adjustment easily and fast to operate.

Specification

Model	JND-630
Power Supply	AC220V ,50/60HZ
Power	1.2KW
Labeling Speed	20-200 pcs/min
Driving Mode	Servo or stepping motor
Labeling Accuracy	±1mm (depend on the evenness of the plane)
Air Source	5 kg/cm ²
Applicable Bottle Size	30-280mm(H), 30-100mm(D)
Applicable Label Size	25-300mm(L),15-140mm(W)
Roll Size	Indise Φ76 mm,Outside Φ300 mm
weight	120Kg
Dimension	1800(L)×1000(W)×1250(H) mm
