

## *GY18-6 Rotary Type Oil Filling Machine*

This rotary type oil filling machine can be used for edible oil, viscous liquid filling, it combined oil bottle filling and capping in one machine. It is high capacity with rotary filling heads, and controlled by Siemens PLC.

### **Technical Parameters:**

<b>Model</b>	<b>GY12-4</b>	<b>GY18-6</b>	<b>GY24-8</b>	<b>GY32-10</b>
Capacity	3000BPH	5000BPH	7000BPH	10000BPH
Bottle height	150-340mm			
Power	2.2KW	3.84KW	3.84KW	5.6KW
Overall size	2000*1670*2350	2070*1970*2350	2465*2170*2350	3000*2570*2350
Total weight	2500kg	3000kg	4000kg	5000kg
Suitable cap	φ50-100mm			
Filling pressure	0.2-0.4MPa			
Filling temperature	Room temperature
