

## *4 Side Seal Sachet Machine T4S4-G(GD)*

NURPACK machine is indicated to form, fill and seal high quality 4side seal sachet. It is a multilane pouch equipment machine, capable of producing up to 120 sachet/min. The machine is equipped with color HMI, offering all advantages of using industrial computer like controlling the speed of the machine, centering the bobbin stand, activate/deactivate the photo cell unit, changing the length of the pouch and so on. It is a CE certificated machine with safety doors and warning signs can help the person who stand beside the machine to take care and don't harm himself. We use high quality electrical component from very famous brands like LS (LG), ABB, SCHNEIDER and SICK also first class Turkish brands.

### **MAIN FEATURES**

- Main motor is servo motor
- Smooth operation machine
- Bobbin finish and product level sensors
- Machine situation lamb
- Volumetric doser
- Surfaces in touch with product are from SS304
- Electrostatic paint machine body
- Counting of stickpacks
- Rotating slicing knives
- Easy to clean and maintenance.

## OPTIONAL FEATURES

- Discharge conveyor
- Infeed system

## APPLICATIONS

- Suitable for dosing fine granules like sugar, artificial sweetener, salt and black pepper ... etc.

### Models and Specifications:

Model	T4S4-G	T4S4-GD
Lanes	4	
Capacity	140~160 sachet/min	
Control System	PLC / Touch Screen	
Filling Range	3 – 8 gr (different weight can be made upon request)	
Pouch Width	50 mm fixed	
Pouch Length	Min 50 mm - Max 100 mm	
Film Reel Width	400 mm	200mm x 2 bobbins
Film Diameter	300 mm	
Film Core Diameter	70-76 mm	
Electricity	2,5 KW/H	
Air Conception	300 L/Min – 6 Bar	
Machine Dimensions	W:140 L:150 H:225 cm	
Machine Weight	800 kg	
Electrical Components	LS(LG)/Schneider/ABB/SICK
