

## Rotary Cutter Packing Machine DXD-630

DXD-630 Rotary Cutting Packing Machine is designed for packing products of bigger size or with tray.

### Technical Specification

1. Max. Film width of the pillow type packing machine is 650mm
2. Adjustable bag former makes this flow wrapper suitable for packing products at different width without changing bag formers.
3. Food grade stainless steel 304 is easier for daily maintaining.
4. Gusset device is available for higher products

### Technical Parameters

Max.Production Capacity	最大生产能力	80包/分钟bags/min (根据物料尺寸不同, 而有所改变)
Shape of Products	包装物形状	长圆柱形、长方形等形状Round bar, rectangle and so on.
Size of Products	包装范围	袋长 (L) 180~400mm袋宽 (W) 125~280mm高度 (H) 10~90mm
Packing Material	包装材料	可热封复合膜Hot Sealing Complex Film
Max.Film Width	最大膜宽	630mm
Max.Dia	最大直径	350mm
Gross Power	总功率	4.5kW
Power Supply	总电源	3相 AC380V 50Hz
Overall Dimension	外形尺寸	5300mm×1250mm×1450mm
Gross Weight	总重量	1100kg

Note: We can design and manufacture according to customer's special needs. 注: 用户如有特殊规格, 本公司可另行设计制造.
