

## *YB-420F Automatic Vertical Powder Sachet Packaging Machine*

YB-420F automatic vertical 1kg powder sachet packaging machine compared with similar products on the market, it has incomparable outstanding advantages in terms of performance, quality, appearance, etc., and enjoys a good reputation in the market. Weibang summarizes the defects of past products, and continuously improves them. The specifications of YB-420F automatic vertical 1kg powder sachet packaging machine can be customized according to your needs.

The machine is mainly used for packaging powder products, such as milk powder, flour, starch, coffee powder, pepper, curry powder, protein powder, spices, Chinese medicine powder, chemical medicine and other industries.

### **Performance features:**

1. The machine can automatically complete the following work: material lifting - screw metering - Coding - Bag - filling - sealing - counting - finished product output - finishing.
2. PLC servo and pneumatic control system, large touch screen constitute the core of drive control; high reliability and intelligence, and equipped with safety protection.
3. The touch screen can store the packaging process parameters of different products, and it can be used at any time when replacing products without resetting.
4. With a fault display system, the fault can be seen at a glance, so as to eliminate it in time.
5. Can be customized according to customer needs.
6. This machine has two choices: stainless steel model and carbon steel spray model.

**Technical parameter:**

<b>Model</b>	<b>YB-420F</b>
Packing speed	5-70 bags/min
Packing volume	1000ml
Making bag size	L: 60-300mm, W: 80-200mm
Film width	≤ 420mm
Thickness of film roll	0.04-0.09mm
Pulling film type	Double belt pull film
Air consumption	0.8Mpa, 0.5m <sup>3</sup> /min
Packing accuracy	≤ ±1%
Power	2.5 KW
Power supply	AC220V, 50/60Hz
Seal type	Pillow seal, Gusset bag, Block bottom bag
Main machine net weight	450kg
Main machine dimension	L1320 × W920 × H1390mm
