

## *YSBZ002 Automatic round tea bag filling machine*

### **Introduction:**

1) The filter paper round tea bag packaging machine can pack triangle/pyramid tea bags, and can also be adjusted to square tea bags. It can pack 2000-4500 bags in 1 hour, and the tea bags can be covered with plastic bags.

2) This machine can pack nylon tea bags, corn fiber bags, and adopts ultrasonic sealing, so the bags will not be damaged and no harmful substances will be produced.

### **Technical Parameters**

Dimensions	1160*850*1740mm
Tea bag size	Diameter 70mm
Envelope bag size	100*85mm
Packing speed	10 - 40 bags/min
Measuring range	1-5g (2-10ml)
Weight	400kg
Power	1.6kW
Air source	$\geq 0.6\text{m}^3/\text{min}$
