DFXS7050 Automatic Carton Edges Sealer Box Sealing Machine

Characteristics:

* Whole frame strong, stable, long-life securely machine.
* Precision machine parts, stable and durable performance.
* Neat appearance, fast and efficient.
* Easy to operate.
* Only need to adjust the handle when change difference size carton
* It can be connected with another carton sealing machine ,such as: FXJ6050, FXJ5050B, FXJ5050Z and other online implementations edge sealing seams and corners of the production line, the outlet can be used with strapping or film wrapping machines online. Achieve multifunctional production line.
* Whole line is using the "L"-style forward into the turn.

It is widely used in food, beverage, printing, pharmaceuticals, metal industries carton packaging. Its packaging fast, high-volume production to meet demand, while stabilizing sealing quality, sealing with neat appearance. And low cost of packaging, the majority of users.

Technical Parameters

Model	DFXS-7050
Power supply	AC 220/380V 50/60HZ
Max. packing dimension	700*500* 500 mm
Min. packing dimension	280 (L)*200 (W)*180 (H)mm
speed	18m/min
Air Pressure	5.5-6kg/cm3
Width of adhesive tape	48mm. 60mm. 72mm
Height of working table(MM)	550-630MM
Machine size	1955(L)*1340(W)*1330 (H)mm
Adhesive Tape Used	BOPP, PVC, Kraft Paper Tape
Weight of Package (kg)	2.5-30
