

LT-DPPF04 Desktop Four Heads Peristaltic Pump Filling Machine

This machine adopts a peristaltic pump design, and the fluid only passes through and comes into contact with the peristaltic pump hose. It is clean and pollution-free, with high repeatability, strong stability, and convenient flow adjustment. It's convenient and simple to change the tube, suitable for filling small doses of liquids with different flavors. Chain plate type conveyor belt, stable transportation, strong load-bearing capacity, lift-type filling head, can be used for filling liquid with foam.

Application:

The peristaltic pump filling machine has a wide range of applications, such as all kinds of food (soy sauce, vinegar, sesame oil), chemicals (solvents, acetone), cosmetics (toner, makeup remover, spray) and other non granular liquids

Technical Parameter

Model	LT-DPPF04
Voltage Power	220/110V 60W*4
Filling flow rate	2.4L/min
Suggested filling range	5-200ml
Filling speed	30-50 bottles/min
Filling Precision	±1%
Max suction lift	2m
Leakage prevention	YES
PW CUT MEMORY	YES
Air pressure	0.3-0.4MPa
Size	About 1220*680*1118mm
Weight	About 120kg
