

F300 Model Automatic Folding Case Sealer

Features:

- Manufactured with international advanced technology and imported parts and electrical components;
- Manually adjust the width and height according to the carton specifications;
- Automatically fold the carton cover, automatically stick the top and bottom, and apply the tape, which is economical, stable and fast;
- Equipped with a blade protection device to avoid accidental stabbing during operation;
- It can be operated alone or in conjunction with an automated packaging line. It is the best choice for enterprises to save costs, improve production efficiency and achieve packaging standardization.

Parameters

Conveying speed	0-20 m/min
Maximum package size	L600xW500xH500mm
Minimum package size	L150xW150xH150mm
Power supply	220/380V 1Φ-3Φ, 50-60Hz
Power	400W
Applicable tape	W48mm/60mm/75mm Choose one for use
Dimensions	L1770xW850xH1520
	(Not including front and rear roller stands)
Equipment weight	250kg
Air pressure	0.5~0.6MPa
