

## *SH-ASP2 Monoblock Double Heads Piston Pump Fabric Softener Laundry Detergent Spout Pouch Liquid Filling Capping Machine*

### **Main Feature**

- ▶ This machine is designed for package liquid into spout pouch and screw pouch caps.
- ▶ Machine can finish liquid filling, cap feeding & tightening automatically.
- ▶ Double filling heads can help to improve working capacity.

### **Parameter**

- Machine Model: SH-ASP2
- Voltage: 220V/110V 50-60Hz
- Power: About 1kW
- Production Speed: About 800-1200pcs/h(depending on filling materials and pouch size)
- Filling Pump: 316 Stainless Steel Magnetic Pump(Can be customized according to production need)
- Max Flow Rate: 3.5L/min(based on water)
- Suitable Cap Size: Can be customized
- Air Pressure: 0.6-0.7MPa
- Package Size: About 1820\*1210\*1900mm
- Package Weight: About 360kg
