

SJ-1000II Liquid Packing Machine

It is applicable for packing liquid like milk and soymilk.

Product features:

- 1) Double-bag jointing packing method.
- 2) Double-way valve piston pump filling measuring.
- 3) Film sterilization, liquid sterilization.
- 4) The finish products double jointing-bag can fill individually two liquid. It can separate into two bags.
- 5) It can automatically finish making-bag, metering, filling, sealing, cutting, counting and printing batch number.
- 6) The body and the parts touching the material are made of stainless steel.

Technical parameters:

Model	SJ-1000II
Bag-making length	40-230mm
Bag-making width	70-100mm
Packing film width	145-200mm
Packing capacity	50-250ml
Packing speed	1100-1300 bags/hour
Power	2.6KW
Dimension	850*760*1800mm
Weight	275kg
