DXD-50K automatic granule packing machine

Full Features:

1) Be able to weight, bag-making, filling, sealing, cutting, lot number (need date printer) automatically.

2) To has color control system which can get the complete trade mark design
(Photo electricity control system) to cut right place.

3) The machine fix stepper motor controller, its advantage is precise, needless to adjust other parts

4) Intelligent temperature control by temperature controller to make heat balance better. Use bilingual (Chinese and English) display screen control system and stainless steel 304 cabinet.

5) Fine packaging performance, low noise, clear sealing texture and strong sealing performance

6) With safe plastic box on rotating blade to avoid hurting operator's hands

8) With date printer (to be able to code the date and batch number, it is optional, if want, it needs paying).

9) Alarm System (You can set how many number on PLC control panel for example 10000 pcs, when it up to this quantity, it will sound to remind you it finishes packing of 10000 pcs, it will begin to alarm when at 9995 pcs).

10) With imported PLC Control System (very good stability, good use and makes it easy to operate and durable using time)

11) Material is Stainless Steel 304 (Matching the standard requirements for food products and durable using time)

Technical Parameter:

Model	DXD- 50K
Machine speed	30-75 bags/min
Bag Size	(Width) 30-100 mm (Length)30-160 mm
Film Material	Composite or Laminated film that can be heat sealed , like PET/PE; BOPP/CPP; PET/AL/PE; PET/PA/PE; non-woven fabric ; filter-paper; tea bag ;paper-plastic film
Net Weight	180KG
Gross.Weight	225KG
Bag Type	3 sides sealing or 4 sides sealing by changing sealing mould
Notch	Straight Cut / Pattern Cutting by changing blade
Voltage	AC220V Single-phase 50HZ or 380V/50HZ three phase, it can be customized
Total Power	1.2 KW
Measuring range	1- 50 ml
Control System	Original Delta PLC Control System very good stability, good use and makes it easy to operate and durable using time)
Measuring Mode	Volume Cup
Machine material	Stainless Steel 304(SS304)
Machine Dimension	700 * 600 *1700mm
