

KS-200KB Full-automatic Packaging Machine with 4 Electric Weigher

With 4 electric weigher, KS-200KB is a professional packaging solution to pack products requiring high measurement accuracy, or fragile materials, such as puffy food, rice crust, jelly, candy, pistachio, apple slices, dumplings, dumplings, chocolate, pet food, hardware. Medicinal materials etc.

Characterized of low loss and high accuracy, KS-200KB can pack 5-60 bags in one minute. The size of packaging bag made on KS-200KB is adjustable with width ranging from 60 to 200mm and length ranging from 60 to 300mm. Various in application, packaging materials, paper/PE, PT/PE, PET/AL/PE, BOPP/PE, tea filter paper and other compound materials which can be heat sealed, is applicable on this machine to meet different packaging demands.

Application

KS-200KB is suitable to pack products requiring high measurement accuracy, or fragile materials, such as puffy food, rice crust, jelly, candy, pistachio, apple slices, dumplings, dumplings, chocolate, pet food, hardware. Medicinal materials etc.

Main features

1. Feeding, bag making, measuring, filling, sealing, cutting, printing batch number, weighing, delivery, all these processes can be done automatically.
2. Photoelectric and tracing system or computer system can be provided without your specific requirements.

3. The PLC controller has the advantages of setting the length of the bag; the out put alarm and the speed and quantity with buttons;

4. This machine can be installed to code printer for 1-3 lines characters such as production and expiry date according to your special request

Technology Parameters

Weight	Head Hopper Weight
Max weight	1000g
Weighing range	50-1000g
Weighing accuracy	±1-2g
Weighing capacity	1000cc
Weighing speed	100g:25-40bags/min(max)
	500g:25-30bags/min
	Bag size:50-300 Length
	60-200mm Width
	Capacity : 150-1300ml
Weighing sensor	German sensor
Types of weight setting	4 sets
Control section	5.7
