

Table Type Round Bottle Labeling Machine KP-40

This newest labeling machine features many advantages; it has a small footprint, lightweight design, perfectly suitable to use in a small space.

Full automatic processing provided by PLC control and fast labeling speed to save your precious time, it's the best choice for automatic labeling in such small form factor.

Additionally, it can attach to bottle organizing machine to add bottle feeding and retracting functions.

1. Bottle labelers enable the user to label all kinds of cylindrical objects.
2. High accuracy and high speed, dispensing & labeling automatically.
3. The complete operation is PLC based.
4. Can be widely used in various vertical round bottles. Suitable for small production.
5. Label head stepper motor
6. Emergency safety Off button

Bottle labelers enable the user to label all kinds of cylindrical objects.

High accuracy and high speed, dispensing & labeling automatically.

Parameter:

Model	KP-40
Accuracy	±1mm
Speed	50-200pcs/min
Label Height	15-150mm
Label Length	25-300mm
Bottle height	25-350mm
Accuracy	± 1mm (according to the bottle)
Label Roll	75---350mm
Power	AC110V/220V 50/60HZ 1000W
Dimension	1270X1000X780mm
