

GS-1050 Large Vertical Automatic Packing Machine

Main performance and structural features:

- *Automatically complete all the process from feeding, counting, filling and bag making, date printing to finished products outputting.
- *High counting precision and efficiency without crashing material.

Range of application:

It's suitable for packing fragile bulk products with requirement of high counting precision, such as: puffed food, potato chip, crispy rice, jelly, candy, happy fruit, apple chip, boiled dumpling, rice dumpling and medicine, etc.

Technical parameter:

Model	GS-1050
Packing speed	10-40 bag/min
Bag size	(L)100-550mm (W)120-450mm
Bag making mode	Pillow-type bag, standing bag, punching device
Range of measuring	5000ml(max)
The maximum width of packing film	1000mm(diameter)
Air consumption	0.8Mpa 0.9 m ³ /min
Main power/voltage	5KW/220V 50-60Hz
Dimension	(L)1950×(W)1450×(H)2100mm
The weight of switchboard	980kg
