

## Automatic High Speed Film Bundling Machine KWLJ-350K

KWLJ-350K automatic high-speed strapping machine is a new product that our company absorbs foreign technology and combines research and development. It fills the blank of high-speed packaging of pharmaceutical companies, and can link out of the box, packing, and realize a complete post-package production line. The fuselage and components of the equipment adopt high-end advanced design of all-aluminum, adopt imported electrical components, PLC and human-machine interface operation, which makes the operation process of the equipment more stable and convenient. It can be used in medicine, food and cosmetics industries. The equipment complies with CGMP standards.

### Technical Parameter:

Bundling speed	15-25 Package/min
Bundling size	Max240*150*300 (MM) Min 50*60*90 (MM)
Packing size	PE film (width 30-80MM, thickness 30-80UM)
Power supply	220V/50HZ
Total power	1.5KW
Air pressure	0.6-0.8MPa
Weight	500KG
Transportation size	1200*250*800(MM) (Connect front end cartoning machine)
Machine size	1100*800*1700(MM)
