Carton Box Sealing Machine

The machine is suitable for paper carton erecting automatically. It has function of cover-folding, sealing bottom with tape. It is economical and it is with high high-efficiency. It is ideal automatic carton forming and bottom sealing equipment.

Technical Parameters:

Carton Width	150-500mm
Carton Height	150-575mm
Carton Length	500-600mm
Table Height	600-750mm
Overall Dimension	L1830XW835XH1640mm
Sealing Speed	10-15box/min
Electric	220V 50/60Hz
Air Pressure	5.5-6kg/cm2
Suitable Tape	W(48,60,72)mmXL1000y
Weight	150KGS
