

## Rotary Tablet Press ZP420 Series

ZP420 series rotary tablet press is made of stainless steel. The machine meets GMP. This machine could press double layer tablet. It could press oval shape, oblong shape, round shape, and other special shape tablet, if the customer changes the different die and punches.

### Technical Parameters:

Machine Model	ZP420-29D	ZP420-31D
No. of stations	29 Station	31 Station
Type of Tooling	ZP	ZP
Production Capacity (pc/h)	87000	111600
Turret RPM (Mini. /Max.)	0-30	0-30
Max. Pressure (kN)	80	80
Maximum Dia of Tablet(mm)	24	22
Maximum Depth of filling(mm)	15	15
Maximum Tablet Thickness(mm)	6	6
Dia. of upper punch(mm)	115	115
Dia. of lower punch(mm)	115	115
Dia. of central die(mm)	36	34
Motor Power(kw)	3-5.5	4-7.5
Dimensions (mm)	1240*850*1850	1240*850*1850
Weight (kg)	1950	1950
