

## *Large Batch Mixing Machine For Spice Powder WLDH-0.5*

Double screw ribbon Blending Machine Industrial Blender for powder is a mixing equipment with high efficiency, high uniformity, high loading coefficient but low energy cost, low pollution and low crush. The special design of double ribbon mix the materials into high uniformity in a few minutes. The Mixer Machine suitable for mixing a wide range of materials such as powder-powder, powder-liquid, especially for paste, thick materials.

### **Technical Parameters:**

- Model No.: WLDH-0.5
- Application: Medicine Processing, Chemicals Processing, Food Processing, Powder
- Max. Loading Volume (L): 400
- Place of Origin: Jiangsu, China
- Loading coefficient: 0.4-0.8
- Power (kW): 7.5
- Weight (KG): 980
- Dimension(L\*W\*H)(mm): 2320\*730\*1130
