

## Continuous Band Sealer SY-M904

- SY-M904 is a table-top model band sealer, performing Vertical sealing operation.
- It combines the functions of bag sealing, knurling or printing.
- The variable conveyor belt speed is adjustable to accommodate materials of various thickness.
- Idea for Powder or Liquid sealing.

APPLICATIONS FOR FOODS, CHEMICALS AND HARDWARE PARTS.

### Specification:

Model	SY-M904
Bag Thickness	0.26mm-0.5mm
Sealing & Conveyor Speed	8m/min.
Conveyor Width	200mm
Sealing Width	5mm or 10mm
Conveyor Height adjustable range	230mm
Loading Weight	1-2KG
Machine Size	115*44*47(67)cm

**Features:**

- Packing materials: any heat sealable materials.
- Bag Thickness: 0.26-0.5m/m (Total Thickness).
- Speed: Fixed Speed 8M/min.
- Sealing Width: 5m/m and 10m/m.
- Loading weight: 2KGS.
- Conveyor Width: 200m/m.
- Conveyor Height Adjustable range: around 230mm.
- Option for all models:
  1. COUNTER.
  2. SOLID INK CODER
