

2 in 1 Sealing and Shrinking Packager FM-4030/FM-5540/FM-8060

Features:

- 2 IN 1 sealing & shrinking packager is one of the smallest among SBWPACK packaging machines
- Available in the desktop version or equipped with trolley, design with casters for easy mobility. These models are suitable for companies requiring medium to small productions
- Operation of the Chamber Shrink System is simple. The product to be wrapped is placed in the fold film and then set into the chamber. The lid is closed which activates the L-bar sealer and circulates hot air around the package within the chamber, shrinking the film.
- When the package is tight enough simply lift the lid and remove the wrapped package. The simplicity, reduced overall size and the extreme versatility of the 2 IN 1 sealing & shrinking packager are its best features, as well as high reliability, great performance and low power consumption, which make the 2 IN 1 sealing & shrinking packager a smart alternative to basic bar seal and heat gun systems

Scope:

For food, beverages, pharmaceuticals, cosmetics, pesticides and other industries glass bottles, plastic bottles, cups and other containers, bottle or cup body heat shrinkable sleeve label after label

Specifications:

Model	FM-4030	FM-5540	FM-5540A	FM-8060
Machine dimension L×W×H(mm)	1202×568×1005	1370×670×1080	2022×722×1087	1853×1011×1093
Max packing size L+H(mm) H<150	≤350	≤450	≤450	≤700
Max packing size W+H(mm) H<150	≤250	≤330	≤330	≤500
Max sealing size(mm)	400×300	500×400	500×400	800×600
Packing speed (pcs/h)	500-800	500-800	800-1000	500-800
Net weight (kg)	115	130	140	250
Power (kw)	3.8	4.8	5	6.5
Power supply	1PH 110V/220V 50/60Hz	1PH 110V/220V 50/60Hz	1PH 110V/220V 50/60Hz	1PH 110V/220V 50/60Hz
Applicable film	POF/PVC	POF/PVC	POF/PVC	POF/PVC
