

Easy Operation Plastic Container Machine TQA-520/580

BOPS plastic thermoforming machine can make cake box, snack box, fruits and vegetables and frozen small product preservation box, drug box, health food packaging, plastic containers, biscuit box, egg trays, fast food box, ect.

Technical Parameter:

Model	TQA-520/580
Max. Forming Area	520mm×580mm
Max. Forming Depth	100mm
Sheet Thickness	0.12-0.8mm
Forming Speed	10-20 times/min
Air Pressure	0.6-0.8mpa
Air Consumption	3.0 m ³ /min
Water Consumption	0.5 m ³ /h
Material	BOPS/OPS, PVC, HIPS, PET, PS
Rated Power	23kw
Power Supply	AC 380V,50Hz, Three-phase , Four-wire
Dimension	L5200mm x W1500mm x H 2350mm
Weight	About 2.5T
