

## *Automatic Shrink Sleeve Labeling Machine JND-150/250/350*

This automatic shrink labeling machine can be used for various kind of bottle types, for example: round bottle, square bottle, flat bottle, curved bottle and cup-shaped, etc. User can choose one head or two heads model according to label qty. It's stable and precise performance thanks to famous band of key parts, such as PLC programmable controller, servo motor, servo-driver, frequency converter and transducer. An advanced positioning system ensures label sleeving and cutting precisely. It meets most production requirements with capacity ranges from 9000BPH to 22000BPH.

### **Advantage**

1. Whole machine frame is made out of stainless steel SUS304. The frame is simple, beautiful, waterproof and don't rust. It's easy for cleaning.
2. The special cutting system: adopting the whist and convolute technology. The label cutting is flat, not burr
3. The label location set assures the sleeving veracity.
4. Adopting model group design, module controlled; achieve veracity and fast sleeving.
5. With the good quality touching operation screen, achieving operation by figure, easy and shortcut
6. It's a high automatic packing one person machine. Just one person handles. Easily operating.
7. Easy to change packing material, the changeover of the mound can be easily done by hand without any tool
8. The flat width limitation, can be used to package objects in different shape, no matter round or square, can applied on glass or plastic articles
9. High safety and stability for operation and saving time of manpower
10. Using Omron servo control system to assure inerrability when high sleeving.

## Specification

Model	JND-150	JND-250	JND-350
Capacity	150BPMin	250BPMin	350BPMin
Voltage	AC380/220V	AC380/220V	AC380/220V
Power(kw)	1.5	3	
Diameter of Bottle	28-125mm	28-125mm	28-100mm
Length of Label	30-250mm	30-250mm	30-250mm
Thickness of Label	0.03-0.13mm	0.03-0.13mm	0.03-0.13mm
Diameter of Paper Tube	5"-10"	5"-10"	5"-10"
Dimension ( L*W*H )( mm)	2100*850*2000	2100*850*2000	2100*850*2000
