

Automatic Water Bottle Filling Plant Juice Bottle Mouth Sleeve Labeling Machine

Description:

1. Whole machine a great quantity of stainless steel and good-quality aluminium alloy, reasonable fracture, compact, convenient to adjust;
2. Shrinkage film volume label rack, match with adjustable device, convenient to adjust according to differ volume label 5"~10"paper tube.
3. Simply installation, then can convenient for square and round bottle.
4. No need of instrument, rotary mechanism is convenient to adjust, apply to differ bottle type.
5. Unique sleeve labeling method, adopt to pressing sleeve labeling method, not only convenient but also reasonable.
6. Auto controlling feeding system, level-off shrinkage film materials and regulate/adjust strain simultaneity.
7. Unique design knife plate, within specification scope, can avoid changing knife base, knife changing is quick and conveniently.
8. Middle guide-pole clip system, mould changing is quicker, no need any instrument.
9. Label location system, can promote and demote in-phase adjust location according to specific bottle type requirement.
10. Adopt to high-performance servo system and high-sensitivity photoelectric, label cutting precision is highly.
11. Stainless steel electric equipment controlling case, controlling adopt to Japanese OMRON PLC.
12. Adopt to advanced man-computer Interface auto controlling technology, key electric component all adopt to international famous industrial brand

Specifications:

Application	Pure water/Mineral water/Drinking water/Non-carbonated water/Beverage/Codiment etc
Suitable bottle Type	PET bottle Bottle diameter:50-90mm
Bottle Diameter	Bottle dia.φ50-φ90mm
Supply Capacity	12,000 bottles per hour(500ml bottle)
Voltage	220/380V(Custom made)
Power	50HZ/60HZ(Custom made)
Automatic Grade	Fully Automatic
Driven Type	Electric
Material:	High quality SUS304 stainless steel
After-sales Service	Engineers available to service machinery overseas
