

Powder Packaging Machine NP4S - HP

Powder Packaging Machine NP4S - HP is a 4 side seal sachet packaging machine with horizontal packaging roll flowing, capable of packaging powdery products starting from 70x80mm to 120x160mm, the machine is equipped with colored HMI, offering all advantages of using industrial computer like controlling the speed of the machine, changing the dosing weight, activate/deactivate the photo cell unit, changing the length of the pouch and so on. It is a CE certificated machine with safety doors. We use high quality electrical component from very famous brands like ALLEN BRADLEY, GEFTRAN, FATEK, OMRON, ABB and SICK also first class Turkish brands.

MAIN FEATURES

- Fully Stainless Steel Body
- PLC control system
- 7" Touch screen
- Volumetric dosing auger using servo motor
- Counting System
- Easy to clean and maintenance.

OPTIONAL FEATURES

- Discharge conveyor
- SIEMENS PLC & Panel
- Date Coding System
- Packets Cascading System

SPECIFICATIONS:

Model	NP4S-HP
Capacity	40-50 sachet/min
Control System	PLC / Touch Screen
Filling Range	10 Gr– 75 Gr
Packet Dimensions	Min: 70x80 mm - Max: 120x160 mm
Film Reel Width	140 - 320 mm
Film Diameter	300 mm
Film Core Diameter	70-76 mm
Electricity	4,0 KW/H - 220V
Air Conception	No Need
Machine Dimensions	D:85 W:190 H:180 cm
Machine Weight	550 kg
