

Automatic Nuts Packing Machine with Multihead Weigher DCS104008

Main Features:

1. Siamesed Weigh-pack design: Microcomputer scales and packaging machine unified operation, improve the weighing and packing speed.
2. Contracted space: Unique weighing packaging design, vastly reduce the height and save space.
3. Quick return on investment: largely save raw material and labor cost.

Application:

Dry & Processed Food, Fresh Food, For example: Biscuit, Nuts, Snack Food, Seeds (Pulses), Coffee(granules/beans), Tea, Sugar, Bakery Products, Candies & Confectionery, Rice, Nuts & Dried Fruits, Spices, Pasta, Pet Food (pellets) etc.

Technical Parameters:

Model	DCS104008
Machine material	304SUS
Display screen	10.4" touch screen
Weighing heads No.	10 heads
Weighing hopper volume	0.8L
Weight range	10-500g
Weighing accuracy	±0.3-3g
Max. film width	400mm
Bag size	W:60-190mm
	L: 80-230mm
Packing speed	Max. 60 bags/min
Film drive mode	Servo motor
Horizontal sealing mode	Cylinder
Air consumption	0.5m ³ /min, 0.6Mpa
Film roll	Laminated film (OPP/PP、OPP/PE、PET/PE etc)
Power supply	AC220V, 50/60Hz(option), 4.5kw
Packing size (L*W*H)	1550*1290*2220mm
Weight (G.W.)	760kg
