

PTPGF 18-6 Carbonated Drinks Filling Line For Glass Bottles

PTPGF 18-6 Carbonated Drink Filling Line For Glass Bottle adopts technology of air conveyor direct connect with bottle infeed starwheel to instead of screw and conveyor. It is easier and more simple to change over bottle size. Adopt neck handling technology to convey bottles. there is no need to adjust the height of equipment and only need to change some spare parts.

By 3-in-1 monoblock in soft drinks filling line, the bottle goes through washing, filling and capping with little abrasion, and the transferring is stable, bottle changing is easier. Specially designed stainless steel bottle gripper dose not contact the thread parts of the bottle neck, avoiding the second contamination. Pressure liquid carousel. High speed and mass flow filling valve ensures the high filling speed and exact fluid level. Parts contacting liquid are all made of excellent stainless steel or food grade engineering plastic. The electric system is from international brand and achieves the national food hygienic standard. The bottle-out starwheel is helical structure. while changing over bottle size. It is no need to adjust bottle-out conveyor height.

TECHNICAL PARAMETERS

Model	PTPGF 12-6	PTPGF 18-6	PTPGF 24-6	PTPGF 32-8
Filling heads	12	18	24	32
Capping heads	6	6	6	8
Capacity(BPH)	2000	3500	5000	8000
Power	2.2	3.5	4.5	6
Dimension(mm)	2400x1600x2500	2600x1920x2550	3100x2300x2800	3800x2500x2900
Weight(kg)	2500	3500	4500	5600
