

## *ZONESUNZS-YG1 Semi-Automatic Magnetic Pump Filling Machine*

### **Advantage**

- This machine is in small size and made of stainless steel which make the machine is durable and offer long-term service
- It is easy to operate and multifunctional, it can work in manual mode or automatic mode, it can be used as one part of production line
- The filling amount can be adjusted from 20ml to 17000ml, and the filling amount can be controlled by time, this is easy to operate
- Controlled by monolithic system, the machine works stably
- The nozzle is in anti-drip design, make the machine fills accurately
- With automatic counting function, effectively control the number of filling.

### **Main Feature**

- Can be control the manual model, foot pedal switch, also can adjust the cycling time

- This machine is designed for filling machine oil, laundry detergent etc. It can also be used for most liquid filling like water, juice, milk.
- We can customize multiple nozzles filling machine, if you need this, please contact us.

**Technical Parameters:**

- Model :ZS-YG1
- Power :40W
- Voltage :220V/110V
- Filling Range :1ML-5000ML
- Max Feeding Distance :2 Meter
- Max Quantity of Flow :5.0L
- Repetitive Error :<1.5%
- Machine Dimension :370\*325\*350MM
- Machine Net Weight :14KG
