

## Coating pan Type

A coating Pan is used for drying coated tablets. It can be mounted on a motor drive unit via universal gearing called UD which permits the coating pan to be held at any angle up to 45° with a reduction in speed. For drying the coated tablets, an infrared drying attachment with adjustable height is provided. The maximum efficient operational capacity is 30% of coating pan volume. Coating Pan-CPS Optional: Heating Accessories, Spray Gun.

### Technical Specifications:

Gross Capacity	9.5 L
Working Capacity	2.5 to 3 L
Accessories	Infra Red Radiator 150w
Dimension in mm	700 x 310 x 290
Net weight in kg	10
Gross weight in kg.	12
